Good foreplay and preparation is essential for...

GREAT ANAL SEX!

For most couples the anal experience comes with good and bad reviews, but until you share it with your partner, having a positive dialog and attitude is almost mandatory. So becoming comfortable with your partner is imperative.

You could start by giving a massage to relax her, ending in a rub between the vagina and the anus. Then try licking her there – a rim job. Obviously and importantly, her butt crack and anus should be clean.

Begin by massaging her anus with a well-lubricated finger. Using a lube specifically designed for anal sex is preferred. Be sure your fingers are clean and your nails are trimmed close and smooth. Then start by slowly inserting one finger, and be sure she is comfortable with it. Once she feels ready – you can tell, her sphincter will relax and loosen around your finger – insert a second finger.

There are ways your female partner can prepare herself for anal sex without you. She could begin by playing with herself before going at it with a partner. Try an

anal training kit. It's a great way to get started, as this will give you different sized plugs to play around with. A larger butt plug can be a great next step. Some prefer dildos, but a plug may be better for a first- or second-timer. The design of butt plugs provides a flared base or some kind of handle to provide a greater sense of control. If she feels a shooting pain, tell her to try to breathe and relax through it, and pull whatever is in her out. Encourage her that it's only normal and wait to try it again when she is more receptive.

When you two are ready for anal sex, you'll find that positions for anal sex are as varied as those for vaginal sex, and just like vaginal sex, she'll have her own personal preference.

For the first-timers and anal beginners, try anal in the 'cowgirl' position. Have her sit on your penis so she can control it as it goes in. A second good position is for her to lay on her back with her legs pulled back and hips slightly elevated. Then try it 'doggie-style' but here the man is more in control, and that position makes it easier to thrust hard and deep. Be careful here.

Here are some guidelines to help make anal sex a pleasurable experience for the both of you.
Be safe. Be well. Have fun.

- 1** Stay well lubricated. Unlike the vagina, the anus is not self-lubricating. Anal lube is best for the job, and if you're particularly sensitive, numbing cream can help reduce painful sensations when you start out.
- 2** If she's a beginner, having something inserted into her anus can be an intense experience; the general reaction is to tense up. Learn to relax. Try various things to relax: take some deep breaths, try a full body massage, start slow and small with toys or fingers. Then lose yourself in the moment. If you two do things right, she'll realize that pain can very quickly give way to immense pleasure. It might take a few tries to get it right the first time, but just stay with it.
- 3** Contrary to popular belief, it is not advisable to use an enema or douche before anal sex. Not only does this tighten the anus to the point of discomfort, enemas are unnatural and strip the rectal lining of its protective mucous. This can lead to rips, bleeding and general discomfort. Instead, just make sure the bowels have emptied and be sure it's clean.
- 4** There are water-based lubricants that are optimized for anal sex. The viscosity is thicker, which generally yields a more comfortable and pleasurable experience. Silicone-based lubricants can stay wet longer and do not get as sticky. Just starting out? Get a small bottle of both and see which you prefer.
- 5** It is possible for women to get a UTI – Urinary Tract Infection from anal sex. But it is also easily preventable. Vaginal sex before anal sex is recommended. The other way around can cause cross-contamination and could lead to a UTI. If you feel compelled to have anal sex before vaginal, be sure to clean off your penis before going for round two. Same goes for toys, for which we recommend a toy cleaner to ensure everything stays spic and span. Finally, condoms are the best way to keep things clean. Just make sure new ones are used between sessions.
- 6** In the beginning it will probably hurt. However, once she relaxes, she'll be surprised by how easy anal penetration can be, even if she's a newbie. Take your time, use plenty of lube and breathe deeply. Consider using butt plugs and other toys to maintain control and get used to the new sensations.
- 7** There are water-based lubricants that are optimized for anal sex. The viscosity is thicker, which generally yields a more comfortable and pleasurable experience. Silicone-based lubricants can stay wet longer and do not get as sticky. Just starting out? Get a small bottle of both and see which you prefer.
- 8** The feeling that she may have to poop is entirely normal in the beginning. But she most probably won't have to. As always, relax and let the sensation subside. With time, you will be able to distinguish between going to the bathroom and that anal feeling.
- 9** While gay men generally engage in anal sex, straight men like to have anal sex with their female partner because of the novelty factor. Another common argument is that a woman who will engage in anal sex is inherently arousing to a man. Such a woman, in embracing anal sex, is embracing it with no intent or possible result of pregnancy. For many, it is sex in its rawest form. But many argue that the anus is significantly tighter than the vagina, particularly if you haven't had anal sex before. This of course increases sensation for the man.
- 10** Almost all women who engage in anal sex will eventually climax anally. The nerve endings inside the rectum are sensitive and can be pleased. The sensations and degree of pleasure depend on the individual woman and her experience with anal sex.

EMAILED AFFAIR

I'm having an email affair with this guy right now. Unfortunately he is married :(We have never seen each other but have become lovers by way of our imaginations and the wonderful world of computers. The following series of stories are products of our on going cybersex affair (I'm Denise). It all began when I asked him a series of questions. The following are his responses plus my answers to questions he asked me.

Hi Denise,
Well my favorite position is on my back and have you lay on your back on top of me. That way I can still fuck you, play with your clit and tits. The kinkiest place is a toss up between two places: First was at the beach in the water with a bunch of friends (they didn't know we were doing it, and the other was with my wife. We were at another beach at night with another couple. In view of them, we fucked on the hood of our car.

Meanwhile the other couple was fucking on the ground about 10 ft. away. This was my first and only anal sex. It was great!!! The kinkiest thing I would like to do is fuck two women at one time. I guess that's only logical being a man. As for what I like, I like all three, oral, anal, and vaginal as well as eating pussy. Now it's your turn:

1) What position do you like?

*2) What do you like best:
Oral, vaginal or anal?*

3) What is the kinkiest sex you have ever had, and what would you like?

4) Have you ever made it or thought of making it with a woman? Now you told me not to hold back.

You said you were thirty with blonde hair, but what do you look like?

I'm six foot with brown hair.

Well I guess that's it for now. Next time I will know what you like so it will make it easier to write to you and give you a good story.

Thanks, Jacob

Dear Jacob,

Believe it or not I have never tried your favorite position! It sounded quite interesting though and will have to suggest it to my next lover, whoever he may be. My favorite position is one of two, depending on my mood. When I need to be aroused I generally prefer doggie style for much the same reason you like your favorite position - easier access and greater stimulation. I really think I would like your favorite position. My other leading style is for when I'm really hot and maybe he needs some encouragement. I like my man to sit on the couch and I'd give him a few licks just to get his attention (especially if football is on) and then I'd climb aboard and away we'd go.

I like oral, vaginal, and anal sex although the fastest way to bring me off is with your mouth. Anal sex is more of an occasional thing when you want to add some of the thrill of the forbidden. It is definitely not for everyone and it seems many people, male and fe-

male, don't like it. My last lover was into it and that was okay with me ;)

Well the kinkiest place I have ever done it has many candidates. I'll give you some of my favorites. My very first lover was when I was 19 and he was actually a marine. He had an interesting experience on a bus on the way to California. He was sitting on the bus talking to an attractive woman sitting next to him when the subject eventually turned to sex and she offered to suck him off right there. Needless to say he didn't say no. After she got off, the next day another woman got on the bus and they started talking.

My friend related his experiences to this other woman and boy did she get hot. They eventually had some pretty wild sex in the long back seat of that bus. After this experience, he was addicted to public sex. I was broken into the world of sexuality in a number of public places. I often brought him off in public with my hands.

I once sat on his lap while a bunch of friends were watching TV. We were cuddled under a blanket and no one said anything. I once, on a dare, sucked him to orgasm at a booth in a restaurant where he sat with two other friends, also marines, who were aware of what was going on. In fact, it was one of those two who dared me. I used to never turn down dares :)

Aside from those experiences I was once in the chemistry lab during college when I got the itch. It was quiet in the lab. The door was open but no one was actually in the room with me. I was waiting for the gas chromatography to analyze my material so I put one foot on the lab bench, unzipped my shorts and worked them down just far enough to give me complete access. I spread my lips and beat my clit until I came in

record time. My latest lover used to like to just sit and watch me masturbate. I like to be watched by my man.

What I would like to do is a much harder question. On occasion I fantasize about things that I'm not sure I would actually like to try. This, however will have to wait till I know you better.

As far as sex with a woman I have never done it. I did, however go to a woman's college and had many bisexual friends make some serious passes at me. Gay women find me very attractive. I have had many offers. I did consider it a couple of times but only because I didn't have a man around. I didn't go through with it because I didn't want to hurt anyone's feelings by using them.

I am 5'8, 130lbs and wear a 36D cup size. I have short blonde hair with red highlights. My eyes are light brown. I also have a great smile 'cause my dad's a dentist. I wear contacts but wear glasses at work.

Hope to hear from you soon.
Denise

Well Denise,
You have me wondering what you are scared to tell me. It can't be all bad, plus you told me to push you along. I do hope that you do decide to share it with me. I find it really exciting to watch a woman bring herself to cum in front of other people. I just wish I was there now so we could do it together. The first one to cum is the winner, and the loser becomes their sex slave for the night. Something I have not tried yet is bondage, but I guess you have to fuck someone that you trust. If not on telling how long they would leave you there, or what they would do. Well I need to go for now. I hope to hear from you soon. I promise that my next mail will make you want to play with your pussy. But that will be later on tonight.

Jacob

Hey Jacob,

The last bit that you liked about coming for my lover actually happened at the fire station that I volunteer my time at. It was late at night and we were watching some soft porn on cable when he asked me to finger myself for him. At first I was really shy and worried that someone would come downstairs and see me. The woman that never blushes was blushing up a storm. It didn't take long before I started to get into it and began to give him quite show. I ended up coming not once but twice. He got so hot watching me that when I was done he bent me over the back of the chair, dipped into my cunt for a little lubrication and then went into the backdoor. That was my first experience with a cock buried in my ass but it was wild!! He got extra credit for being inventive and not giving me the opportunity to object as I may not have done it.

Enjoying this a lot :) *Denise*

WATCH

I'm sitting at my window, in the dark, looking across the way at the 38th floor of a high-rise apartment building. I have a 150 mm reflector telescope pointing straight across at an apartment with two babes who always leave their shades open, probably since they live so high up. Usually, I'm looking up at the stars but tonight I sensed some activity and pointed it at them. I feel like Jimmy Stewart in *Rear Window*.

I don't know anything about them so I'll call one 'Maryann' and the other 'Sue.' Tonight I have my beer and a comfortable seat and I see Maryann sitting on the sofa when Sue comes in behind her and immediately gives her a deep kiss. The two are in their bras and panties, but I think that's way too much clothing for what they're

after. Within a few moments Sue has already stripped Maryann of her bra and she runs her hands up and down her breasts and hard nipples. Then Maryann repays the favor by taking things a step further; she kisses her way down Sue's body and relieves her of her panties, and then Sue does it to her. I watch as Sue takes a taste of Maryann's pussy. Lying down on the ottoman, she holds Maryann's landing strip pussy in perfect licking position so that she can go down on her. She strokes her thumbs across Maryann's clit. Next she helps Maryann onto her hands and knees. Sinking down to her knees, Sue buries her face in her lover's pussy and sweeps her tongue up and down the soft folds of Maryann's pussy. Maryann's silently moans (I can see them but can't hear them), and her hips begin to buck. Sue pushes her tongue deep into her Maryann's pussy.

I grab the can and suck down another sip of beer and see Sue take her turn on her hands and knees as Maryann delivers a proper pussy licking. The blonde babe really gets her lover's motor running as Sue quickly discovers to her delight. Once she has gotten her woman dripping wet, Maryann presses her fingers into Sue's pussy, working her until she is practically sobbing with her need for an orgasm. Sue goes back to work on Maryann's perfect pink pussy. Her fingers easily slide into the blonde's pussy, allowing Sue to work

her fingers in and out of her lover as she licks her clit with her tongue.

She knows just how to bring her lover to a body-shaking climax. Maryann isn't finished sharing the pleasure yet, though. She helps Sue lie back and urges her to spread her legs for another round of incredible pussy fingering. Finally satisfied, Maryann climbs into Sue's arms where they enjoy a long kiss. I can only finish my beer and point my telescope up at the stars once again.
